

Spilsby Playgroup

Booking Policy

2024

Our Aim

- To make available, a system where parents can confidently and simply book their child into our playgroup in a way that helps a parent/carer with the process of registering their child into this new setting.
- To ensure that all relevant and important information pertaining to the child is shared and parents feel comfortable with this process and most importantly that the child is supported through this transition, often from home to playgroup for the first time. Please read our settling in policy in conjunction with this policy.
- To operate an inclusion policy and ensure that all children have access to a place within our setting irrespective of gender, race, disability, religion, beliefs or sexual orientation of parents. We are registered to accept early years funding and thus will ensure that all children from 2 years of age are able to access quality early childcare education irrespective of whether fees are covered through early years funding or private payment.

Once all of the forms have been returned to us, along with a child's birth certificate, which we will take a copy of for our records, a visiting session will be arranged. This process can look different for each child so a discussion between our manager and yourself will take place to arrange this in the best interests of the child as described in our settling in policy which can be accessed via our website.
